

# Advertisement and Sponsorships

Help support TxBands.com, a non-profit oriented website devoted to furthering the marching and music band community across the state of Texas. All funds raised through sponsorships pay for webhosting, software, and our scholarship fund while promoting your business at the same time!

With our sponsorship program, you or your business can place your logo and website link in key places across TxBands. We also offer sponsorship of different "sections" of the site. Additionally, we can target your logos to specific user demographics- all users in general, students, or music educators. Examples of the following sponsorship opportunities can be found online at [www.txbands.com/sponsor](http://www.txbands.com/sponsor).
